Puustelli USA Wins COTY Silver Award For Residential Kitchen \$100,001 to \$150,000

[November, 2017– Minneapolis, MN] Puustelli, the leading kitchen cabinetry manufacturer in Finland, announces today that it has been awarded Silver Winner in the category of Residential Kitchen \$100,001 to \$150,000 at the 21st Annual National Association of the Remodeling Industry, Minnesota Chapter, Contractor of the Year (CotY) Awards in Minneapolis, on Thursday, November 16. The CotY Awards recognize excellence in the remodeling industry. Puustelli USA's project consisted of a complete kitchen reconfiguration with a modern flare. Featuring Puustelli's Scandinavian cabinetry systems, this kitchen received a new, game-changing layout – a renovation that will serve this family, which includes four young children, very well. “Our members consistently produce quality work and this project was no exception” said Jason Myrliie, CKBR, President of NARI-MN, J. Carsten Remodeling.

Over 80 entries were submitted for this year's awards. Independently judged by remodelers in Milwaukee, Wisconsin, the winners showcase excellence in craftsmanship and service to homeowners in Minnesota. All entries were completed within the last two years and include bathrooms, kitchens, whole house, and special project remodels. A total of 48 awards were bestowed on remodeling contractors in 26 categories.

The CotY Awards are given at multiple levels including locally in Minnesota, the Midwest region, and nationally. Minnesota historically is well represented in the national awards because of the high-quality of the remodeling craftsmanship in the NARI-MN membership.

All projects submitted for judging were an improvement or an addition to an existing structure, with the exception of the Residential Detached Structure category. New construction projects were not eligible.
