

Puustelli USA Welcomes Danny Della Lana

Danny Della Lana Joins Puustelli USA as Lead Designer.

Danny is a recent transplant from San Francisco where he worked for design-focused brands like Dwell, VERANDA, Remodelista and Esquire. At the same time, Danny was a serial renovator with a number of projects under his belt including three kitchens. When he moved to Minneapolis he made the decision to pivot in his career and pursue a role in design.

Danny met the Puustelli team at the Minneapolis Home and Garden Show and was immediately intrigued by the product. When he stopped by the showroom, a creative conversation ensued, leading to an invitation to join our team in his dream role as a designer.
